

Entry submission

Posted by nuha.dramat - 2010/08/29 14:02

I filled in all the required fields, however, when I tried to submit the Entry it stated that all my required fields was not filled in. Is there anything else that I need to check, before submitting?

We have reported this to our technical director. In the meanwhile, there is a work around. After having completed all the required fields, click on the WELCOME tab again and then submit, this will ensure your entry get submitted. Please also ensure you have accepted the Terms and Conditions by clicking in the block .
