POEMS:

- This is how we build our house

Watch the builders dig deep in the ground
To make our house stand safe and sound
Here's the big lorry bringing the bricks
And the cement and sand to make a strong mix
The bricks are laid one by one
Look children look, the walls are done!
The roof goes on to protect the floors
And look, there are the windows and the doors
The workers are paid, the house is complete
We can move in and make everything neat!

- The Sun so golden yellow

The sun so golden yellow
The birds singing in the tree
Sunflowers showing off her beautiful wings
The earth so filled with green
Fresh air....is so clean!
